

Hosanna.pdf – update June 18, 2009

Project: Sunday Worship Service

Location: The First Baptist Church of Austin, Austin, Texas

Date: April 27, 2008

Microphone: Core Sound TetraMic

Recording Equipment: TetraMic: Focusrite Saffire Pro 26i/o interface, MacBook Pro with Logic Pro

Download files: ambisonic b-format

Calibration and equalization: Core Sound TetraMic a-format outputs are converted to b-format with VVMic software with the Core Sound calibration tables.

Comments: This was my first recording of a live performance with the Core Sound TetraMic tetrahedral microphone. The files for download are edited from the complete Mass in G integrated into the worship service including communion.

Credits:

The Sanctuary Choir of the First Baptist Church of Austin, Austin, Texas

Louise Avant, Director

Dr. David Weigle, Organist

Music:

Franz Schubert

"Hosanna" from *Mass in G*

Thank you for your interest in this project. Please feel free to look around the ACTLab website. Comments are welcome.
