

JesusWept.pdf

Project: The Sanctuary Choir of the First Baptist Church of Austin

Location: First Baptist Church of Austin, Austin, Texas

Date recorded: March 2, 2008

Microphone: Experimental (Do-It-Yourself)

Recording equipment: Focusrite Saffire Pro 26i/o, MacBook Pro, Logic Pro

Downloadable files: b-format

Calibration/equalization: Experimental microphone files are provided without equalization. A suggested equalization of stem files is a slope from 0dB at 400Hz to +8dB at 50Hz, shelving at 50Hz down.

Comments: My first surround recording of a live performance, and the first recording of a live performance with my experimental microphone.
